

Adding an Adobe Presenter URL to Blackboard

1. Once you have published your PPT presentation and logged in to your account on the UMB Media server at <http://media.umb.edu>, click the **Content** tab:

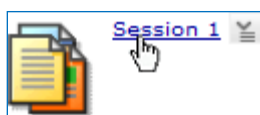

2. A list with files you have published will be displayed. Click on the desired one:

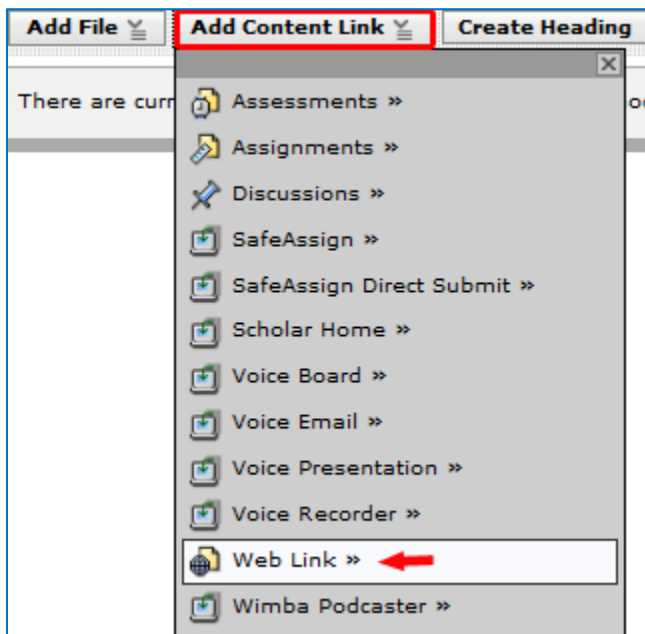

3. Under Content Information, note or copy the URL:

Content Information	
Title:	WimbaTips_forStudents
Duration:	11 slides (00:00:55)
Disk usage:	3389.9 KB
Permissions:	Same as parent folder
URL for Viewing:	http://media.umb.edu/p29251193/
Summary:	
Language:	English

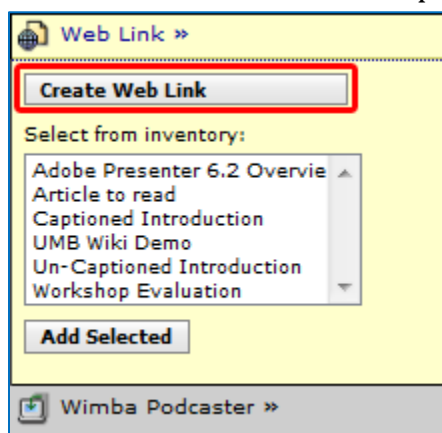

4. Login to your course on Blackboard and select the desired location for the presentation, (in this case learning module **Session 1**). While in **Build** mode, click the module name to enter:

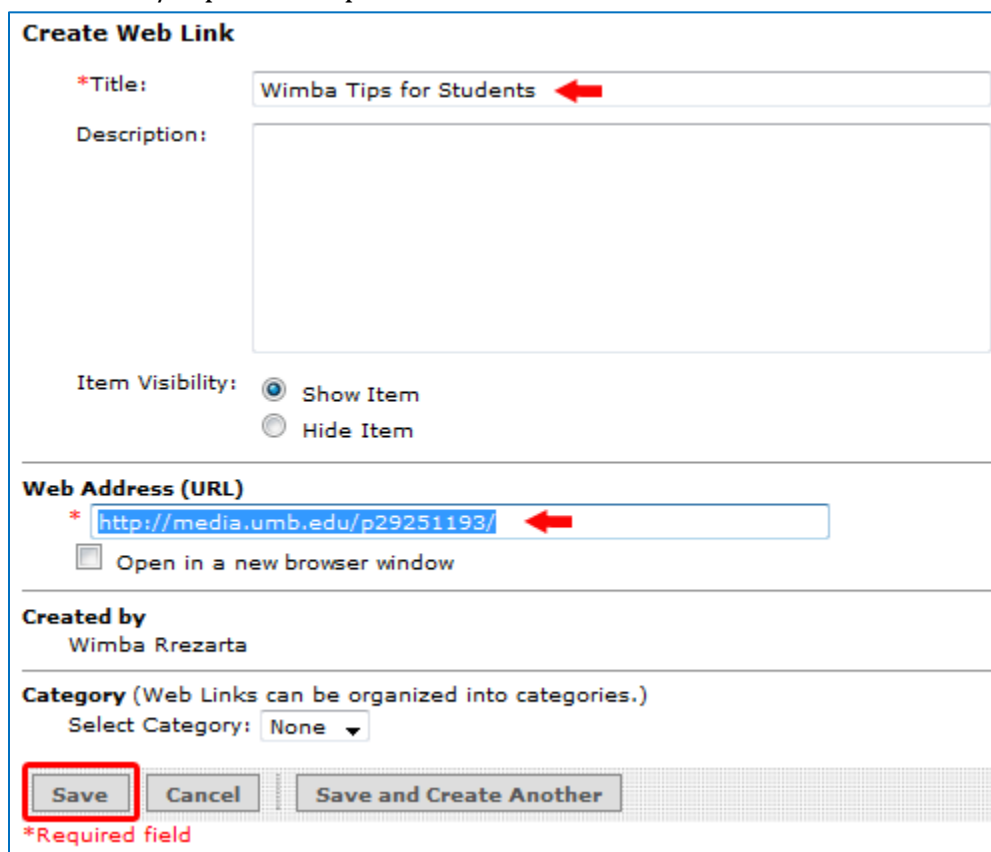

5. From within the learning module, click **Add Content Link** then **Web Link**:

A dropdown menu titled 'Add Content Link' with several options: Assessments, Assignments, Discussions, SafeAssign, SafeAssign Direct Submit, Scholar Home, Voice Board, Voice Email, Voice Presentation, Voice Recorder, Web Link, and Wimba Podcaster. The 'Web Link' option is highlighted with a red arrow pointing to it.

6. When the Web Link section expands, click **Create Web Link**:

7. First give a title to your web link, then under **Web Address (URL)** type or paste the URL noted/copied in step 3 and click **Save**:

Create Web Link

*Title: Wimba Tips for Students

Description:

Item Visibility: Show Item Hide Item

Web Address (URL)

* <http://media.umb.edu/p29251193/>

Open in a new browser window

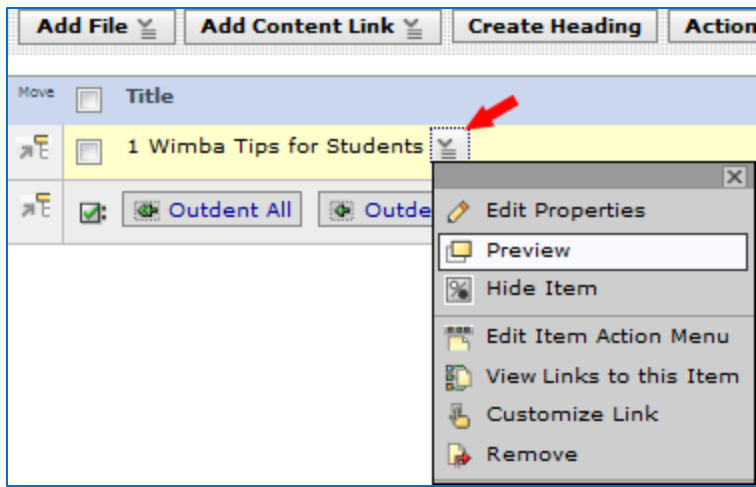

Created by
Wimba Rrezarta

Category (Web Links can be organized into categories.)
Select Category: None

Save Cancel Save and Create Another

*Required field

8. The Web Link file will appear listed on the learning module, click Preview to see if the URL opens OK:

9. The presentation should appear within the learning module, like below:
